The History of Springboard to Learning

With a combined history of **more than 100 years**, Springboard to Learning provides arts-integrated education to **over 25,000** pre-K, elementary, and middle school students and teachers each year. During the 2021-2022 school year, more than **700 programs**, taught by knowledgeable teaching artists during over **77,000 contact hours**, were available to **114 schools and community organizations** throughout the St. Louis metro area, the eastern half of Missouri, and the Metro East area of Illinois. Springboard to Learning has a strong commitment to **under-resourced children; 88%** qualified for free or reduced meal programs.

Springboard to Learning believes that meaningful, memorable learning experiences transform a child's worldview. It is this belief that fuels **our mission to develop children's abilities to think critically, create, collaborate, and communicate**. Springboard to Learning envisions a future where all children are passionate, engaged learners who experience success.
